**Who should attend?** Anyone can take the 8-hour Mental Health First Aid course – including first responders, students and teachers, leaders of faith communities, service providers, and caring citizens. **This course is not intended for trained mental health providers.**

#### **Someone you know could be experiencing a mental illness or crisis. You can help them.**

You are more likely to encounter someone – friend, family member, co-worker, neighbor, or member of the community – in an emotional or mental crisis than someone having a heart attack. Mental Health First Aid teaches a 5-step action plan to offer initial help to people with signs and symptoms of a mental illness or in a crisis, and connect them with the appropriate professional, peer, social, or self-help care.
